

DAILY PIPELINE PERFORMANCE REPORT

Execution Date: June 04, 2026 | System ID: RE-DAILY-PROD

✓ **SYSTEM OPERATIONAL STATUS: HEALTHY**

All core warehouse extraction routines, multi-dimensional analytical matrix calculations, and machine learning scoring instances compiled smoothly without exceptions.

Pipeline Processing Metrics Summary

Core Metric Scope / Deliverable	Audit Count / Verification Value	Infrastructure Status
Total Corporate Profiles Processed	100 of 100 Companies	■ 100% Sync Complete
Excellent Health Classifications	14 Companies Registered	■ Verified Matrix Output
Attention Required Classifications	8 Companies Flagged	■■ Routed to Alert Pool
Section 5 Custom Measures Table	27/27 Logical Measures Active	■ Operational Pass
Section 6 Jupyter ML Pipeline	6/6 Core Notebooks Validated	■ Models Fully Compiled
Section 7.3 Celery Automation	5/5 Crontab Workers Active	■ Background Daemon Active
